Owing to the absorption of the supernumeraries in the Civil -- Service Cadre, 4 officers in the Non-Civil Service Cadre have since been confirmed. Thus there are only 6 posts (3 in Revenue 2 in Police and 1 in Excise) in the Non-Civil Service Cadre which have have not been permanently filled up.

there will be 2 vacancies in which 3 of the Probationary Assistant Commissioners when confirmed could be posted. The other 3 Probationary Assistant Commissioners after confirmation will have to be kept on as supernumeraries attached to heavy districts to help the Deputy Commissioners till vacancies occur when they can be given regular charges. Unless this is done, 3 acting non-Civil Service men will have to be reverted. This will not be fair, for as shown above, as many as 10 vacancies that should have gone to the other departments were retained unfilled to provide for supernumeraries in the Civil Service cadre. This has now been reduced to 5 and if we confirm the Civil Service men to the prejudice of the non-Civil Service Departmental officers, we shall be again repeating the inequality that originally existed which prevented Government from throwing open to the non-Civil Service Departmental officers the total number of appointments considered necessary to provide a reasonable flow of promotion to them. I may mention that unless such course is adopted, the persons to be affected will be Amildars who have been acting for a long time, such as Mr. R.Tirunarayana Iyengar, Mr. Donne, Mr. C. Krishna Rao and Abdul Khalik Mr. Mallaraj Urs and these will have to be reverted. I therefore suggest that all the 6 Prob. Assistant Commissioners may be confirmed, 3 of them being posted immediately to regular charges & the other 3 posted to the heavier districts. Till they are absorbed, we may abstain from making further acting

This was one of the reasons why I suggested that in the case of the vacancies in the Police Department at least one more Civilian may be taken, so that the existence of the supernumeraries in the Civil Service may not affect ~~many~~ mainly men in ~~the~~ Revenue ~~other~~ Departments.

FINANCIAL SECRETARY
13 JAN. 1927
No. 2595

I have had the list of vacancies verified in the Comptroller's Office and I place in the file a note prepared by the Assistant Comptroller, Gazetted Audi Department under the instructions of the Comptroller

The position is as follows:-

Against 53 Civil Service appointments including 8 reservists, there are at present 58 permanent officers. If the six Probationary Assistant Commissioners are confirmed according to the terms of their appointment, the total number of Civil Service Officers will be 64 and this means an excess of 11 officers over the scale.

It is seen from the verification note of the Comptroller's Office that there are 7 permanent vacancies in the Non-Civil Service Cadre of the General Departments besides 4 such appointments in the Account Department. As against the latter there are five Account Probationers, two of whom

Serial No.

having duly qualified themselves, are proposed to be confirmed in existing vacancies. Taking both Civil Service and Non-Civil Service together, there will be an excess of (11-9)= 2 ~~Civil Service~~ Officers immediat ly or 4 officers ~~as~~ when two other Account Probationers get themselves qualified for confirmation. So long as the excess in the Civil Service ~~Posts~~ officers continues, the 7 permanent vacancies in the Non-Civil Service appointments will have to remain unfilled.

41 charges, out of 45 sanctioned, are held by Civil Service Officers. Two of the remaining four are held by Probationary Assistant Commissioners and ~~in~~ two others, temporarily by Non-Civil Service Officers - one in the Revenue and one in the Survey Department.

One Civil Service Officer in the Account Department is holding at present a Non-Civil Charge, which will not be available on the confirmation of the Account Probationers. Of the six Probationary Assistant Commissioners to be confirmed, places have already been fixed up for two officers and four more charges have to be found. There will thus be 5 Civil Service Officers without charges. If it is possible to revert two Acting Assistant Commissioner in Non-Civil Service cadre, there will be only 3 Civil Service Officers supernumerary. It is proposed to introduce the scheme of decentralization in the Forest Department and if this is sanctioned one of the 3 extra officers may be absorbed & the other

Serial No.

two as soon as vacancies occur.

To sum up the points for consideration and orders are the following:-

(i) Confirmation of the six Probationary Assistant Commissioners in the Civil Service cadre.

(ii) Reversion of two Acting non civil Assistant Commissioners - ~~one in the Revenue and one in the Survey Department~~ - against two Civil Service Appointments now held by Non-Civil Service Officers, to absorb two more Probationers.

(iii) Retention as supernumerary, the remaining two Probationers without charges pending the occurrence of vacancies.

(iv) In the event of the continuance of the Non-Civil Service Acting Assistant Commissioners referred to in item (ii), the number of supernumerary officers without charges will be four.

(v) The excess of one officers in the Account Department above referred to, to continue till the scheme of decentralization of audit in the Forest Department is sanctioned.

(vi) Provision to be made to meet the pay of the supernumerary officers whose number will be 3, if acting Assistant Commissioners in the General Department are reverted or 5 if they are kept on.

(vii) Till these supernumerary officers are absorbed no acting appointments in the Civil Service or Non-Civil cadre to be made in future.

Confirmation of Probationary Assistant Commissioners.

Opinion of the Council.

The six Probationary Assistant Commissioners may be confirmed from the date on which they completed their period of probation.

The two acting non-Civil Service Officers holding two Civil Service appointments in the Revenue and the Survey Departments need not be reverted as including the officers now confirmed there will be an excess of 11 officers over the scale for the Civil Service and all the non-Civil Service appointments have not been made available to the non-Civil Service officers.

Of the six Probationary Assistant Commissioners to be confirmed places have been provided for two officers. One will be retained in the Comptroller's Office pending the introduction of the scheme of decentralization in the Forest Department. This will count against the extra Civil Service Officer already in the Accounts Department. The 5 Assistant Commissioners who have been confirmed and will be without charges will be attached to the districts of Bangalore, Mysore, Shimoga, Tumkur and Kolar until they are otherwise absorbed.

Extract from the Proceedings of the Council is put up.

Forwarded, with compliments, to the Financial Secretary to Government, under paragraph 9 * of the Government Order No. G. 17572-8—G. M. 676-17-1, dated 22nd June 1918.

By Order,

Chief Secretary to Government.

27.1.27

*9. (*a*) If the views expressed by the Financial Secretary in any case, whether original or un-officially referred, are not accepted by the Member of Government in charge, or by the Dewan and Members of Council, as the case may be, the file containing the discussions shall be sent to the Financial Secretary a second time, in order to enable him, in cases in which he considers that the orders proposed to be issued are opposed to financial rules of Government or to recognised financial principles or for other reasons of a financial nature, are open to objection, to record a respectful representation to that effect, which will be placed by the Dewan before His Highness the Maharaja for consideration.

(*b*) All cases sent to the Financial Secretary under this rule should be treated as immediate and returned to the Department concerned within three days of receipt.

Submitted to His Highness.

*
The marginally noted six officers who were appointed Probationary Assistant Commissioners with effect from the 2nd January 1925 have completed their probationary period on the 1st January 1927. The Revenue Commissioner recommends their confirmation with effect from the date on which they completed their probationary period.

* 1. Mr. Mir Safder Hussain.
2. " K. Seshadri Iyer.
3. " K. Srinivasan.
4. " R. Ramachandra Rao Bhombhore.
5. " D. Krishnaraja Urs.
6. " N. Madhava Rao.

Both the Chief Secretary and the Financial Secretary point out that as against 53 Civil Service appointments including the 8 Reserves there are at present 58 permanent officers and if the 6 Probationary Assistant Commissioners are confirmed according to the terms of their appointment, the total number of Civil Service Officers will be 64 and this means an excess of 11 officers in all over the scale. At present there are 7 permanent vacancies in the Non-Civil Service cadre of the general departments exclusive of the appointments in the Accounts Department which are earmarked for the Probationers of that department. Even if these Non-Civil Service vacancies are filled up by Civil Service men, there will be 4 persons in the Civil Service in excess of the scale. Out of the 45 charges sanctioned for Civil Service Officers, 41 are held by Civil Service Officers, two of the remaining four are held by the Probationary Assistant Commissioners and two others temporarily by Non-Civil Service Officers, one in the Survey Department and the other in the Revenue Department. There is also one Civil Service Officer in the Accounts Department who is holding at present a Non-Civil Service charge and for whom provision will have to be made as soon as the Account Probationers are confirmed. In order to provide permanent

charges for the Probationary Assistant Commissioners who have been confirmed, the Revenue Commissioner suggests that it may be necessary to revert some acting Non-Civil Service Officers, but as the Chief Secretary has pointed out in his Note, any excess in the Revenue Department is more than counter-balanced by the Non-Civil Service vacancies in the other departments which have been given to Civil Service Officers and it would lead to serious discontent if the Non-Civil Service Officers are not only not given the full number of appointments provided for them in the reorganisation of the Civil Service, but also reverted from appointments which they are holding after having acted for long periods.

The Chief Secretary has also pointed that at the time the re-organisation of the Civil Service was sanctioned there were 10 supernumerary officers in the Civil Service and these have been gradually reduced to 5 and the confirmation of the Probationers merely involves a reversion to the state of things that existed when the reorganisation scheme was introduced. Moreover there are likely to be shortly some permanent vacancies in which these extra men may be absorbed. In connection with the consequential arrangements to be made on account of the death of Mr. Mecci, the impending retirement of Mr.P.F. Bowring and Mr. Nanaswami Rao, there are likely to be at least three vacancies in the near future. It is also necessary to provide an additional officer in the Bangalore District as Personal Assistant to the Deputy Commissioner. There is also a proposal to appoint an additional officer in the Accounts Department in connection with the introduction of the centralisation in the Forest Department. Thus in the course of few months most of these Probationary Assistant Commissioners are likely to be provided with permanent places. It is, therefore, not necessary to revert the Non-Civil Service Officers.

N

The matter was considered in Council. The resolution of

the Council deals fully with all details and may be graciously approved. Having found the present division of appointments as Civil Service and Non-Civil Service as somewhat anomalous and the separation is leading to much confusion and difficulty in making suitable appointments, I have given some instructions to the Chief Secretary to prepare a new scheme of reorganisation. These proposals are now under consideration and may when sanctioned help us to remove the anomalies.

The Revenue Commissioner has elsewhere reported that all the six Civil Service Probationary Assistant Commissioners ~~are~~ have duly qualified themselves by passing the required examinations and have put in ~~a~~ probationary period of two years and he has recommended their confirmation. In this connection, I have prepared a note for consideration in Council. A copy of the same is placed in the file below. From the enclosed statement obtained today from the Comptroller's office, it is seen that the two most junior officers that will have to be reverted to provide for the Probationary Assistant Commissioners are:-

1. Mr. Syed Abdul Khalak, acting in the Revenue Department and
2. Mr. C. Rajagopal, acting in the Survey Department.

Mr. R. Thammaji Rao who is appointed acting special Magistrate in the chain of arrangements consequent on the leave of Mr. Heblikar and is counted against a civil service vacancy will probably have to revert also.

Probationary Assistant Commissioners will result in excess of two officers over the scale even if Messrs.Syed Abdul Khalak and Rajagopal who are acting in Civil Service vacancy are reverted. If however they are continued the excess number of officers without chargeswill be four ~~and~~ The extra cost will have to be avoided as far as possible.

I may however add (this is not a financial matter) that I have known Mr.Syed Abdul Khalak and have had occasion to judge of his work as the Amildar of Srinivasapur when I was Sub Division Officer, Kolar. It would be a pity if Mr.Khalak who is such an excellent ~~Amildar~~ Officer, is to be reverted on this occasion.

My dear Sir,

With reference to the accompanying file the Dewan desires to have the information called for by the First Member. He also wishes to know which of the acting Non-Civil Service Officers would have to revert. In reverting one of such officers the Dewan thinks that it would be necessary to take into consideration not only the cases of officers that are posted to the Revenue Department but also those posted to other departments. The officer who is the most junior of all of them would perhaps have to be reverted.

The file may kindly be put up again with the above information and your opinion.

Yours sincerely,

Financial Secretary's Note

I have had the list of vacancies verified in the Comptroller's Office and I place in the file a note prepared by the Assistant Comptroller, Gazetted Audit Department under the instructions of the Comptroller.

The position is asfollows:-

Against 53 Civil Service appointments including 8 reservists, there are at present 58 permanent officers. If the six Probationary Assistant Commissioners are confirmed according to the terms of their appoitment, the total number of Civil Service Officers will be 64 and this means an excess of 11 officers over the scale.

It is seen from the verification note of the Comptroller's Office that there are 7 permanent vacancies in the Non-Civil Service Cadre of the General Departments, besides 4 such appointments in the Account Department. As against the latter, there are five Account Probationers, two of whom having duly qualified themselves, are proposed to be confirmed in existing vacancies. Taking both Civil Service and Non-Civil Service together, there will be an excess of (11-9) = 2 Officers immediately or 4 Officers when two other Account Probationers get themselves qualified for confirmation. So long as the excess in the Civil Service Officers continues, th 7 permanent vacancies in the Non-Civil Service appointments will have to remain unfilled.

41 charges, out of 45 sanctioned, are held by Civil Service Officers. Two of the remaining four are held by Probationary Assistant Commissioners and two others, temporarily by Non-Civil Service Officers One in the Revenueand one in the Survey Department.

One Civil Service Officer in the Account Depart-

Department is holding at present a Non-Civil Charge which will not be available on the confirmation of the Account Probationers. Of the six Probationary Assistant Commissioners to be confirmed, places have already been fixed up for two officers and four more charges have to be found. There will thus be 5 Civil Service Officers without charges. If it is possible to revert two Acting Assistant Commissioners in Non-Civil Service cadre, there will be only 3 Civil Service Officers supernumerary. It is proposed to introduce the scheme of decentralization in the Forest Department and if this is sanctioned one of the 3 extra officers may be absorbed and the other two as soon as vacancies occur.

To sum up the points for consideration and orders are the following:-

(1) Confirmation of the six Probationary Asst. Commissioners in the Civil Service Cadre.

(ii) Reversion of two Acting Non-Civil Service Assistant Commissioners against two Civil Service Appointments now held by Non-Civil Service Officers to absorb two more Probationers.

(iii) Retention as supernumerary, the remaining two Probationers without charges pending the occurence of vacancies.

(iv) In the event of the continuance of the Non-Civil Service Acting Assistant Commissioners referred to in item (ii) the number of supernumerary officers without charges will be four.

(v) The excess of one officer in the Account Department above referred to, to continue till the scheme of decentralization of audit in the Forest Department is sanctioned.

(vi) Provision to be made to meet the pay of

the supernumerary officers whose number will be 3, if acting Assistant Commissioners in the General Department are reverted or 5 if they are kept on.

(vii) Till these supernumerary officers are absorbed no acting appointmentments in the Civil Service or Non-Civil cadre to be made in future.

Civil Service Charges:

The no. of Civil Service Officers according to scale is 53 (of this no. in Rev. Survey Dept. is reduced from 3 to 2), of which 8 are reservists.

The no. of permanent C.S. Officers actually holding C.S. charges is 41 as against 45 charges allocated to them. Of the remaining 4, two are held by Probationers and two by Non-C.S. Officers, (one in the Rev. Department and one in the Rev. S. Department.) Properly speaking the two latter charges shd. be held by C.S. officers. It shd. as specialists so when there are to be some C.S. Officers who have to be kept on as Reservists without any charges. If these two charges are taken away from non-C.S. Officers and given to two more Probationers whose Confirmations is now proposed, then there will be only two Prov. Asst. Comm^rs out of 6 who have to be

kept on without any charges as against 3 proposed to be thus kept on in the Secrett. note.

It may also be considered in this Connection that one Officer (Coast Service) will have to be taken back from the Secrett's Department where there is one in excess of this scale, if the Secrett's Probationers who have qualified thereby are confirmed. In that case there will be three Officers to be kept on without any charges, unless some of the acting Officers on the Non-C. S. Cadre are reverted and the C. S. Officers are given there

Non-C. S. Charges.

Supernumeraries: There are now 5 permanent Asst. Commrs. as against 5 fixed by scale. So there are 5 supernumeraries.

and Vacancies on the N. C. S. Cadre

If the six Probationers are Confirmed, then the No. will go up to 11. As against these 11, there are

7 permanent vacancies in the Non-C.S. Cadre (as against 6 as shown in the Secr.t's file) There has been one more vacancy from 1/27 th in the Rev. Deptt. by the retirement of Mr. Hayagreeva Rao which probably has not been taken into account by the Secr.t. So if all the Probationers Asst. Commrs. are confirmed, four of them will have been so confirmed without any permanent vacancy in the Non-C.S. Cadre (excluding Sects Deptt.)
